

Business Unit: Electronics

PCN/21/015/C+N-US

Product range: Interface connectors / InduCom

Date: 5/24/2021

Title: Change of head shape of M3 hexagonal locking screws

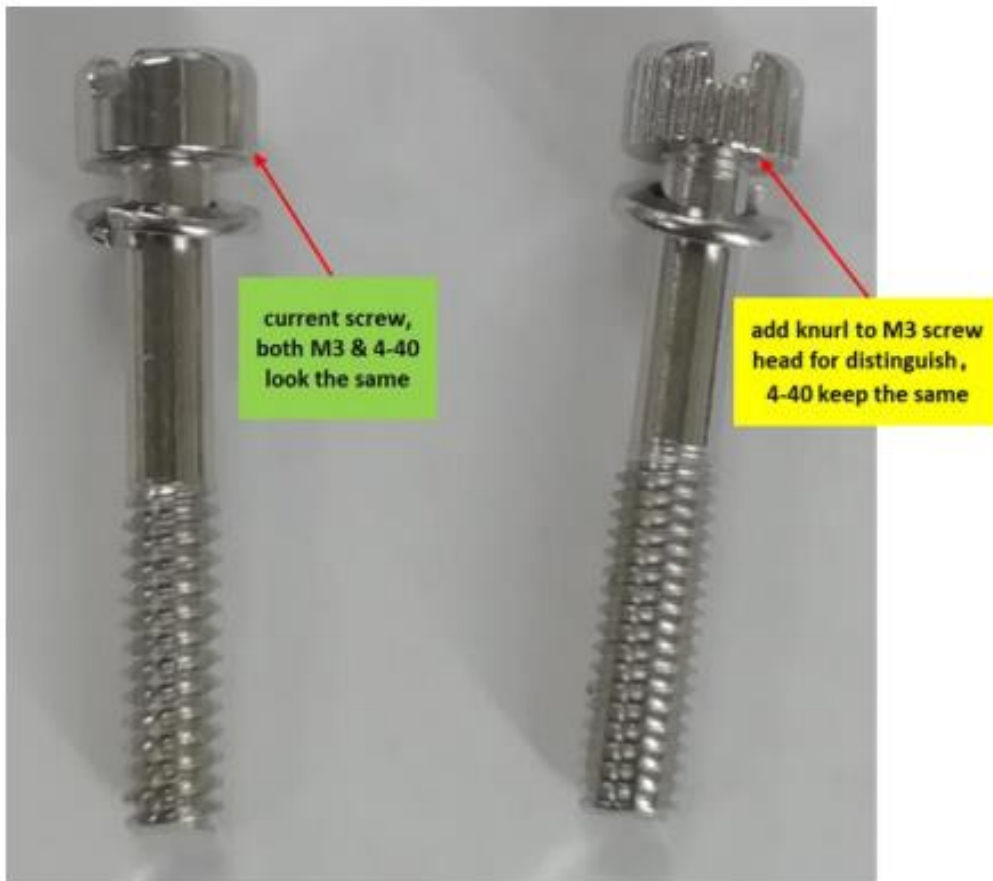

Details of the Product Changes

1. Affected Part Numbers

See table at end of document

2. Description of the Change

For a better identification of InduCom-partnumbers with M3 hexagonal locking screws, we add a knurl to the screw head. The hexagonal locking screws with UNC4-40 thread will keep the flat surface.

3. Impact on the Product Specification

The technical characteristics and the quality characteristics are not affected by this modification.

4. Scheduled Date of Implementation

The change will be implemented in the production in October 2021, first deliveries will be in November 2021. We will avoid mixed versions in the same production lot. We cannot avoid mixed deliveries with different production lots.

5. Identification of Change

The change is visible from the outside, see picture above. The part numbers will be kept unchanged, the revision level will be increased (details see list of concerned part numbers).

In case of questions or concerns, please do not hesitate to contact our technical support.
